To Whom It May Concern,

This letter should serve as a positive reference for CCS by Amarillo Hardware Co.

CCS as been our source of support, in the IT and Telecommunications area, since 2004. They have provided design, wiring, configuration, VOIP and user technical support, for our installations in Amarillo and Ontario, Ca. Their support has been both valuable and timely over the years.

We continue to use CCS now and plan to use them in the future at both of our locations.

Best Regards,

Fran Miller

IT Director
